WealthX 2.0 The way of Success

Abstract: WealthX 2.0 is a fully decentralized financial ecosystem built on blockchain technology, designed to provide users with an efficient, secure, and transparent platform for earning passive and active income. Leveraging automated smart contracts, WealthX 2.0 ensures fairness, transparency, and enhanced security, while offering a variety of income streams to users. This white paper outlines the core features, security mechanisms, earning opportunities, and overall structure of WealthX 2.0.

1. Introduction

WealthX 2.0 is an innovative decentralized financial platform that combines blockchain technology with smart contract automation. It allows users to earn income through various income streams while ensuring maximum security, fairness, and transparency. The system operates on the Binance Smart Chain (BSC), ensuring cost-effective transactions and a wide user base. The goal is to empower individuals by providing them with multiple income streams while maintaining a decentralized, trustless, and fully automated environment.

2. Core Features

- Decentralized Financial Ecosystem: WealthX 2.0 operates entirely on blockchain technology, which ensures that no single entity has control over the platform. This decentralized structure promotes fairness and transparency for all participants.
- Smart Contract Automation: All transactions, deposits, and earnings are processed automatically via smart contracts. This eliminates the need for manual intervention, ensuring efficiency and reducing the risk of human error or fraud.
- Security Measures: The platform implements various security mechanisms to safeguard user funds and ensure system integrity.
 - Immutable Smart Contracts: Once deployed, the smart contract cannot be modified or controlled, ensuring no central authority can alter its behavior.

- Reentrancy Protection: This feature prevents unauthorized withdrawals and protects the platform from potential hacking attacks.
- Public Verification: The smart contract is publicly available on BScs can for verification, enabling independent audits and ensuring complete transparency.
- Third-Party Audit: Wealth x 2.0's smart contract is audited and verified by Solid Proof, a trusted auditing firm, ensuring that the system is secure and reliable.

3. Earning Opportunities

WealthX 2.0 offers several income streams, allowing users to earn both actively and passively. These opportunities are designed to provide a fair distribution of rewards, incentivize active participation, and ensure financial sustainability.

3.1 Referral Income (10%)

- Referral Bonus: Users can earn \$10 for every direct referral. There is no limit to the number of direct referrals one can make.
- Instant Earnings: Earnings from referrals are received instantly after the referred user deposits into the platform.

3.2 Booster Income Pool (40%)

- Booster Pool: 40% of every deposit (\$40) is allocated to the Booster Pool. Active participants who bring in two direct referrals within 24 hours qualify for this pool.
- Daily Distribution: 50% of the pool is distributed daily among achievers, while 50% is carried forward to the next day for new achievers. No Limit Booster

3.3 Ensure Fund Pool (25%)

- Fund Pool: A portion of every user's deposit (\$25) is contributed to the Ensure Fund Pool.
- Cap Earnings: Users can earn up to \$200 from this pool before needing to redeposit to continue earning.
- Daily Capping: A daily cap of \$5 ensures that the fund remains sustainable for all users

3.4 Leadership Income Pool (20%)

- Leadership Pool: Designed for users who build teams and contribute actively to the community, this pool is funded by a \$20 deposit from each user.
- Star Levels: Users can progress through various leadership levels (Star 1 to Star 4) based on the number of direct referrals made within 24 hours.
 - Star 1: 20 direct referrals = \$250 Limit 1 Direct Required 50\$ claimable 24 hrs.
 - Star 2: 45 direct referrals = \$500 Limit 2 Direct Required 100\$ claimable 24 hrs.
 - Star 3: 70 direct referrals = \$750 Limit 3 Direct Required 150\$ claimable 24 hrs.
 - Star 4: 100 direct referrals = \$1000 Limit 4 Direct Required 200\$ claimable 24 hrs.
- Referral Requirement: To maintain eligibility for rewards, users must continue adding new direct referrals within 24 hours. Failure to meet the requirement temporarily removes users from the pool.

3.5 Royalty Bonus (5%)

- Lifetime Rewards: The Royalty Bonus offers long-term earnings for users who achieve certain milestones. These bonuses are based on users' rank and continued participation.
 - Diamond 1 Rank: Requires 2 direct referrals with 4-Star Status. Earn \$2 per reward (40% of the reward). 50\$ claimable 24 hrs.
 - Diamond 2 Rank: Requires 4 direct referrals with 4-Star Status. Earn \$3 per reward (60% of the reward). 100\$ claimable 24 hrs.
 - Self Id 4 Star Status Required

4. Cost Breakdown

To participate in WealthX 2.0, users are required to deposit \$100 in BEP20 USDT. This deposit is distributed across the different income streams as follows:

- \$10 Referral Bonus (10%)
- \$40 Booster Pool (40%)
- \$25 Ensure Pool (25%)
- \$20 Leadership Pool (20%)
- \$5 Royalty Bonus (05%)

5. Withdrawal Process

- Instant Withdrawals: Users can withdraw their earnings instantly without needing admin approval.
 - Visit the WealthX 2.0 Dashboard.
 - Click on 'Claim Bonus' to initiate the withdrawal.
 - Receive BEP20 USDT directly in your Web3 wallet.

6. 10% Deduction on Rewards

A 10% deduction is applied to every reward earned in WealthX 2.0. This deduction ensures the sustainability of the system and the fair distribution of rewards among all participants. Example:

- If you earn \$250, you will receive \$225 after the deduction.
- If you earn \$500, you will receive \$450 after the deduction.

7. Conclusion

WealthX 2.0 is an innovative, secure, and fully decentralized platform that empowers users to earn income through a variety of automated income streams. By leveraging the power of block chain technology and smart contracts, WealthX 2.0 provides a transparent, fair, and sustainable way for individuals to build wealth. The ecosystem is designed to reward both active and passive participants while ensuring long-term stability and growth.

Join WealthX 2.0 today to take control of your financial future in a fully decentralized environment!

Disclaimer:

WealthX 2.0 seems to be a crowdfunding and peer-to-peer (P2P) platform that assists with projects, possibly in the financial or investment space. The phrase "helping project" likely refers to the system's goal of connecting individuals or businesses with financial backing or resources to fund their initiatives.

Crowdfunding generally allows individuals or businesses to gather small amounts of money from a large number of people, often via online platforms. P2P (Peer-to-Peer) lending involves borrowing and lending money between individuals, often facilitated by an online service that acts as an intermediary.

The phrase "join this system after clarity by your referral advisor" suggests that you should gather more information about the platform and its offerings from a trusted advisor before making any commitment.

To summarize:

- WealthX 2.0 might be a platform combining crowdfunding and P2P elements.
- It allows for raising funds or backing projects from a community or network of people.
- It's important to understand the details and risks involved, which is why you are advised to seek clarity from a referral advisor before joining.

If you're interested, it would be a good idea to learn more about the platform's terms, security, and any potential risks associated with investing or using it. Would you like to know more about how crowdfunding and P2P lending work?
